Description

Precondition:

- Logged in as admin
- At least one active doctor and one patient exist
- Open <https://hms.page.gd/appointments/add.php>

Test Steps:

1. Select a doctor from the Doctor dropdown
2. Select a patient from the Patient dropdown
3. Select a future date in the Appointment Date field
4. Select a time in the Appointment Time field
5. Enter "Regular checkup" in the Reason field
6. Click the Add Appointment button

Expected Result:

Success message "Appointment added successfully!" is displayed

Comments

Comment by Sourav Halder [08/May/26]

Actual Result: Success message was displayed as expected.
